Woman 1:

Hey Amy picking up Emily early today?

Amy:

Yup taking her to dentist for a check up.

Woman 1:

Ouch. Hey school board elections are coming up. Who are you voting for?

Amy:

I am voting for **Bennet Kayser**. Not only is he a former Health and Science Teacher who knows what it takes to educate students, but he also has lived in this community for over 40 years and he has been active on many issues besides education such as preservation, neighborhood councils, and even living wages.

Woman 1:

Really.

Amy:

Bennet Kayser is no any ordinary teacher, he is a leader on education with a strong record of leadership. On the school board, he has help lead the surge in student performance, achievement, and college acceptance. But there is so much more to do. We need to re-elect **Bennet Kayser**.

We need to continue to support the Schools LA Students Deserve program for reduced class sizes, fully funding student services and resources, school safety, local decision-making, and better pay for our teachers.

Woman 1:

Yes. Brandon's teacher has not had a raise in 6 years. That's ridiculous.

Amy:

Agreed. That is why classroom teachers support their colleague **Bennet Kayser** for school board.

Woman 1:

Got it! Election is March 3rd right.

Yes. March 3rd re-elect **Bennet Kayser** for School Board.

"Paid for by Political Action Council of Educators, Sponsored by Teachers Unions, including United Teachers Los Angeles. Not authorized by a candidate or a committee controlled by a candidate."
