YES on Charter Amendments 1 & 2

Support Amendment 1

Increase Voter Participation and Save Taxpayer Money!

Los Angeles Times

February 6, 2013

Vote Yes on charter amendments 1 and 2

...making the decision is the right thing to do. Increasing participation should be a top priority, and Charter Amendments 1 and 2 are the simplest, easiest ways to do it."

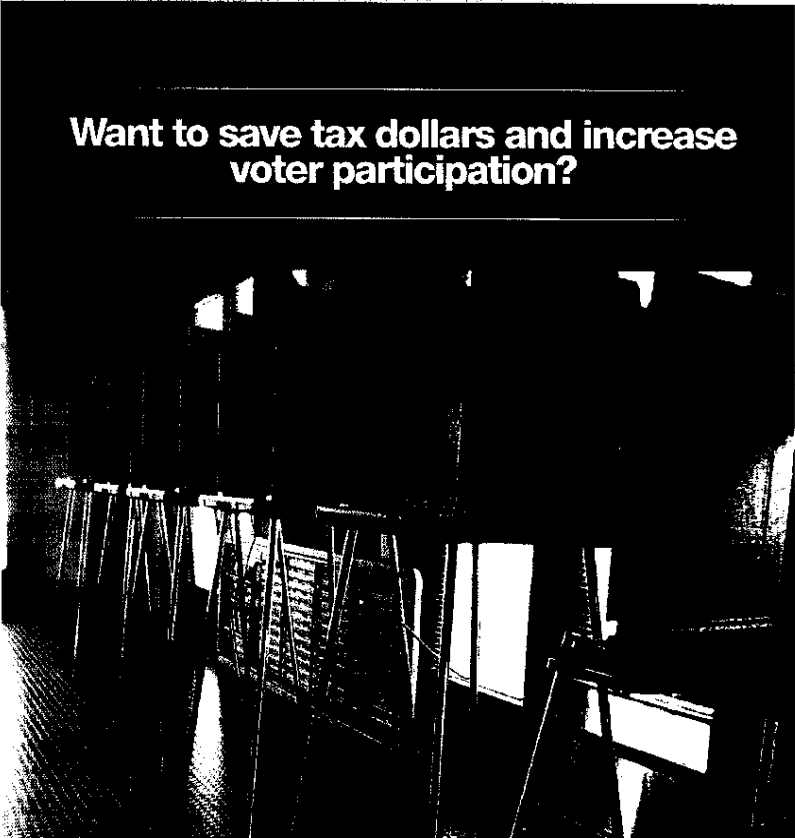

Los Angeles Daily News

Endorsement: Yes on measures 1, 2, for better L.A. city elections

City government has at least as much effect on voter and turnout government on people's lives. Its elections should receive at least as much attention from voters.

Want to save tax dollars and increase voter participation?

EMBARRASSING LOW!
16%

Los Angeles Times

March 6th, 2013
"Eighty-four percent of L.A.'s registered voters didn't bother to vote."

Vote YES on

League of Women Voters[®]
of California

 A **YES** vote on **Charter Amendments 1 & 2** will require city elections to be held on the same dates as federal and state elections, increasing turnout and saving millions of dollars.

 **YES on 1 & 2 will INCREASE VOTER TURNOUT**
Combining city elections with state and federal elections will increase voter participation. Higher voter turnout in city elections will make Los Angeles government officials more accountable to the public.

 **YES on 1 & 2 will SAVE MILLIONS OF DOLLARS**
Combining city elections with those for state and federal offices will save Los Angeles taxpayers millions of dollars—money that could be better spent on schools, parks, libraries, and fixing our roads to reduce traffic.

 **YES on 1 & 2 will REDUCE THE INFLUENCE OF SPECIAL INTERESTS**
City elections in the spring of odd-numbered years have given special interests too much influence in local government. Moving city elections to the same time as those for federal and state offices will increase voter turnout so that candidates pay more attention to the people and reduce the influence of special interests on City Hall.
