Dear Friends,

I have opened a new committee that will allow me to weigh in on issues that matter to the district and the city. By raising funds into this committee, I will be able to support or oppose legislation, ballot measures and other initiatives that impact our community such as homelessness, jobs and the economy, housing and quality of life - parks, green space, water etc.

- This new committee provides me the freedom to take a position on issues that matter. For example, a $4 billion affordable housing bond is set to appear on the 2018 ballot that will provide desperately needed funding to support low-income and veteran housing. This will positively impact jobs and the economy in the Ninth District.

- As history has shown, there will be other state and local initiatives that will have a direct impact on Los Angeles and my constituency. It is imperative that I have the ability to take a leadership role in a significant way.
• This committee has no contribution limits and it has no limit in the amount that can be raised.

  Click Here to Donate

• In contrast, my officeholder committee is very restrictive as to how the funds may be raised and spent, and raising funds for re-election is limited to only campaigning.

Rather than raising funds for an expensive campaign, I want the money that supporters contribute to be used in an effective way to bring about change. I hope you will join me and we appreciate anything you can do to support this effort.

I have attached a remit form below for mail-in contributions, or contributions may be made online by clicking the link below.
